Neighbourhood Plan Goals

- A** Maintain and support light industrial and employment uses.
- B** Preserve residential area, encourage appropriate mixed residential/commercial infill development.
- C** Protect environmentally sensitive natural areas and wetlands.
- D** Establish wetland interpretive elements and managed access.
- E** Integrate the Active Transportation Plan with a new pedestrian bridge connecting with regional paths, the Shuswap Band, and gateway commercial developments.
- F** Enhance the gateway character of Laurier Street corridor to support retail businesses while being accessible to vehicles and active transportation modes.
- G** Encourage commercial area infill with streetscape improvements.
- H** Provide a limited resort development opportunity to help offset public amenity costs.
- I** Provide improved motorized and non-motorized boat-launch facilities with public amenities.
- J** Establish a new lakeside park with public spaces and different activities for users.
- K** Develop new lakefront boardwalks/pathways. Note - some pathway routes may need to be acquired for development.
- L** Support improvements to James Chabot Provincial Park such as public washrooms, concession options, interpretive features, public art, and landscaped elements.
